HALL'S CIRCUITS AND MINISTERS.

AN ALPHABETICAL LIST

OF THE

CIRCUITS IN GREAT BRITAIN,

WITH THE NAMES OF THE

MINISTERS STATIONED IN EACH CIRCUIT,

FROM 1765 TO 1885.

WITH APPENDIX FROM 1886 TO 1896.

BY THE

REV. JOSEPH HALL.

Fondon:

THE WESLEYAN METHODIST BOOK ROOM, 2, CASTLE STREET, CITY ROAD; AND 66, PATERNOSTER ROW, E.C. 1897.

PREFACE.

It is satisfactory to know that the distinctive feature of the Genealogy of Circuits in the Second Edition, 1765 to 1885, has been by many highly appreciated. With an Appendix, the present issue brings the work up from 1886 to 1896.

By special request the principal Departments are here re-introduced. These——Departments tell of the vast organisation and expansion of our beloved Methodism. In connection with the Chapel Department, the names of the Secretaries of the various Committees are given for several years, so as to show the work, and the continuity of the work, which undoubtedly has helped to rescue the material part of our Church work from a very serious position.

In addition to the Departments, a table is introduced giving the Annual Returns of Membership from 1766 to 1896, and showing the Increases and Decreases in Great Britain and Ireland during this period. Notwithstanding outside critics, we thank God for such a record as this, and take courage.

Only some half-dozen errors have been received since 1885's revised edition. Any fresh ones that may be reported will receive due attention.

The appointments previous to 1765 are again placed at the commencement of the book.

Remarks.—For years in the early minutes the Irish returns are not separated from those of Great Britain.

The three Secessions affecting the returns are the New Connexion (1797), the Methodist Association (1834), and the Wesleyan Reform Association (1849).
